

ALBERTA DIAMONDS

- 161,000 acres of Diamond claims in the Buffalo Head Hills kimberlite field, 350 km NW of Edmonton, AB
- Seven kimberlites discovered on GZD claims
- Three kimberlites are diamondiferous, remainder require further testing and bulk sampling
- Numerous additional high priority targets identified by GZD
- GZD property completely surrounds Buffalo Head Hills Joint Venture kimberlites
- Buffalo Head Hills is third largest diamond bearing kimberlite district in Canada
- Excellent energy resource related infrastructure networked throughout the property
- Easy access by highway

ALBERTA POTASH CORP.

Wholly Owned Subsidiary
of Grizzly Discoveries

- 40,000 acres of MAIM Potash claims with excellent infrastructure along eastern Alberta border with Saskatchewan
- Historic VCO#15 well assayed up to 29.4% Potash (KCl)
- Claims cover the western extension of the Prairie Evaporite where USGS reports Patience Lake Member potash zone up to 32 metres thickness
- Possibly one of the largest undeveloped potash mineable areas in the world
